RICHMOND

The Lord of the African Jungle.

The Lion is called the "King of
beasts." He is given this name by
those who regard him as the superior of
all other animals, in point of bravery
and ferocity. He adds to the posses-
sion of a fear-inspiring from and the
pride of a monarch, the ownership
of a loud, terrible voice, whose
reverberating roar seems almost to shake
the earth. The lion, notwithstanding
these inspiring characteristics, is not so
dangerous as in self-defense or to secure
food.

Some animals kill simply for the
pleasure of killing. The lion only in-
self-defense or to secure food. He
in ambush for his prey. He is nervous
and easily abashed as is evidenced by
the fact that in springing upon his
victim, if he misses, he will not repeat
the attempt, but will sneak back to
his hiding place with an ashamed and
disappointed manner. He will attack
any kind of an animal, no matter how
large, and is so powerful that he can
carry off an ox, and his length eleven
feet; the lioness is not so large.

With the popular Sun Brothers Big
Tented Exhibition, that will shortly
pitch tents in this city and who will
give two performances, afternoon and
night, will be seen one of the most
sensational trained wild lion acts in the
universe.

Captain Peter Cardova will introduce
his coterie of five massive forest-bred
African lions, and who have been caught

to perform stunts that are seemingly
impossible. The captain performs these
monsters in a smooth steel arena and
among the exploits introduced are a
game of ten pins, jumping through
hoops of fire, placing his head in the
mouths of the two largest of the sub-
jects. It is a most remarkable act and
wherever it has been seen this season it
has created a tremendous sensation.
The Sun Brothers' Shows are this sea-
son making their twentieth annual tour
and have a brand new splinter show,
with an all new performing and exhibi-
tional ranks. The Royal Court Japanese
Circus Company, 15 people, direct from
the land of the Mikado, are a salient
feature; the renowned Ceyne Troupe,
a quintette of foreigners, in a big high
tight-wire act, are a genuine novelty.
The Mexican Juan De Zamora family in
latter day death-courting aerial attempts
are also featured; the Sun Troupe of
Musical and Acting Elephants will be
seen in all new proclivities; a section of
first class clowns will provide spasms of
fun for the kiddies and the grown-ups
as well.

Over a hundred actual human and
animal actors will participate in the big
imperial program, one of the greatest
ever projected. The exhibit of wild
beast and zoologic novelties will be a
feature, and of especial interest to
lovers of the cautious in the zoologic
field. The big tent will be spread at
Richmond, Ky., on Tuesday, August,
29th. One day only.

Be Careful.

The Water Company announces that
many hydrants are left turned on over-
night by thoughtless people, which
wastes much of the water and is in
violation of the rules. If the drought
lasted until November there would be
abundance of water in the Company's
lakes, but there is no reason why so
much should be wasted. According to
the report of the inspectors, there is
more water used in Richmond than
many towns twice the size, and it is
claimed that a great deal of it is wasted.

Relief for the "Morning After"

Those persons who, after a more or
less strenuous night's fun, awake with
that extremely uncomfortable sensation
known as a "head," will be pleased to
know that Rexall Liver Salts offer re-
markable relief for this condition.

several times at hourly intervals, will
make you feel like a new man.

Farm News

Items of Interest to The Far- mer, the Grower and the Stockman.

The fat cattle of the county are
moving rapidly and many choice ex-
porters are being furnished the foreign
noblemen and millionaires by Madison
county. If the price could only be
around 7 and 8 cents there would be no
kick coming.

In order to make the State Fair what
it should be in every particular, M. C.
Rankin, Commissioner of Agriculture,
has arranged to organize a "State Fair
Club" in each county in the State. The
work of organization will be undertaken
by the county institute organizer, and
the club will be composed of progressive
farmers who will help build up the farm
exhibits at the State Fair.

There are many people in the county
who are compelled to sell their cattle
on account of the short supply of water
and grass. Cattle that were expected to
weigh around 1,500 pounds the first of
September, have been sold this month
at from 1,300 to 1,400 and not more than
53-4 cents. It is the same case with
hogs and other live stock. In some
portions of the county, the grass is
literally burned up and the water supply
is nothing more than a few mud puddles.

Richard Gentry of Boyle, the noted
cattle man in Madison Tuesday and
Wednesday and purchased from Joe and
Allen Deatherage 125 feeders which
averaged 1,100. The price was 5 cents.

George Hume sold a bunch of fat
cattle to Wagers and Shearer last week
at 53-4 cents which averaged about
1,400 lbs. Mr. Hume was compelled to
sell on account of the drought, his
water and grass being practically all
shut off.

Hay Fever, Asthma and Sum- mer Colds

Must be relieved quickly and Foley's
Honey and Tar Compound will do it.
E. M. Stewart, 1634 Wolfman St.,
Chicago, writes: "I have been greatly
troubled during the hot summer
months with Hay Fever and find that
by using Foley's Honey and Tar Com-
pound I get great relief." Many others
who suffer similarly will be glad to
benefit by Mr. Stewart's experience.
Foley's Honey and Tar Compound is
effective for coughs and colds in either
children or grown persons. No opiates,
no harmful drugs. It's a yellow package.

A New Back for an Old One.
How It Can Be Done
In Richmond.

The back aches at times with a dull,
indescribable feeling, making you weary
and restless; piercing pains shoot across
the region of the kidneys, and again the
lions are so lame to stop is agony. No
use to rub or apply a plaster to the
back in this condition. You cannot
reach the cause. Exchange the bad
back for a new and stronger one. Rich-
mond residents would do well to profit
by the following example.

L. M. Cox 302 Bowyer St., Lexington,
Ky., says: "My occupation requires
much heavy lifting and I believe this
was the cause of my kidney trouble.
I first noticed a dull pain in my back
which became so acute that I could not
rest. When I arose in the morning, I
was lame and stiff and felt so tired that
I could hardly commence the day's
work. My kidneys were also disordered
and the kidney secretions caused me
much annoyance by their frequency in
passage. I doctored and tried many
remedies but could not find relief.
When suffering severely I don't
know how many bottles of Doan's
Kidney Pills were brought to my atten-
tion and decided to take them. I pre-
pared a supply. I soon improved and
by the time I had taken the contents
of a few boxes, I was cured."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

It is rumored that Col. W. P. Walton,
who has been making the editorial
columns of the Lexington Herald,
really live and vivacious, will go to
Louisville and accept a position as
editorial writer on one of the Falls
city's leading dailies, some of the
larger dailies need just such as he.

THE Democratic State Campaign will
open at Bowling Green on Monday
September 4th, (Labor Day) and a
monstrous crowd is promised. Senator
McCreary will fire the opening gun.
It is claimed that hundreds of Republi-
cans will vote for the Senator in
Southern Kentucky.

It seems as if Uncle Henry Watterson
is growing somewhat childish, he got
furious when he can't have things his
own way of late, but soon forgets it.
He's a wise old head at that.

SEVERAL bird men have been added
to the list of deer during the past week
at the Chicago Aviation meeting. Aviator
Longo, of Danville, had better take
warning and let it alone.

COL. WATTERSON says he will follow
McCreary to Hell if the road leads there,
which was a safe assertion, for the
Senator hasn't any idea of ever going in
that direction.

FRANK R. RUSSELL, a beefy state
manufacturer, and a friend of Judge
O'Leary, has been named as the head of
the Republican Campaign Committee
in Louisville.

music.

a position to teach in a large coun-

ful speaker.

At the Fairwood Christian church
near Waco, a big Protestant meeting is
going on with Rev. F. M. Tindler, of
Lancaster occupying the pulpit. On

great crowds. The meeting promises to
be a great success.

At the home of Rev. Cullon, on North
Street last week, that gentleman officiat-

weeks preparing for a college diploma
and State license and his general
showing will be very gratifying. A
memorable one in the long time of social
events of the summer.

At the home of Mrs. Laura Blanton
on the Summit last Tuesday evening a
delightful dancing party was tendered
for the younger set of the city and
George Blanton as host. The young
folks tripped the light fantastic until a
late hour, and after delicious refresh-
ments, made the happy occasion a
memorable one in the long time of social
events of the summer.

Mr. J. J. Skinner, of Leroy, Ill., who
has been in the county for several
weeks visiting relatives, was in the

people in that section as well as his
home county.

Methodist Conference
Some Suggestions and Re-
quests Concerning
Entertainment.

In three weeks to to-day, (Wednes-
day) the Kentucky Annual Confer-
ence will convene in our city. Their
plans for the entertainment committee
and pastor very much in taking care of
it.

First—Let us know within the next
week if you will assist in entertaining.
This is necessary, for the conference
will convene in our city. Their plans
for the entertainment committee and
pastor very much in taking care of
it.

Second—When the trains arrive a com-
mittee will be at the depot to direct to
the several homes, but with from fifty
to a hundred persons coming on one
train, it is not probable that the commit-
tee will be able to get them to their homes
promptly. If you can assist the committee by
meeting your guests at the depot, if not
possible, then at the time of their arrival, it
will help us much. Most of them will
arrive Tuesday on the noon and evening
trains from Winchester and Nicholas-
ville. Some who work in preparation
for the conference will come on
Monday.

Third—If your guests should fail to
come, (if it seldom, if ever, that the
delegates come) please notify the com-
mittee of such failure, that they may supply
their places if necessary.

Fourth—Those of you who have car-
riages and horses, and shall be
pleased to assist us in placing our visit-
ors Monday, and especially Tuesday,
we shall be glad to hear from you.
We shall be glad to hear from you.
We shall be glad to hear from you.

Changed Grounds.
The Sun Bros. have changed the
show grounds and will spread their
massive tents on Mr. G. B. Turley's lot
on Big Hill Ave., which is nearer the
city than the present grounds. The parade
is a feature of this big show.

New Owner.
Mr. W. F. Higgins, who has been a
member of the firm of Luman & Higgins
in Richmond for sometime, has
purchased the interest of his partner
and will be sole owner of the local
house. This firm has conducted a large
furniture store in Winchester since
1880 and has enjoyed a big trade. Mr. Higgins
has built up an excellent trade since
coming here and is one of the city's
wide awake business men.

Old Negro.
"Uncle" Clifton Gilbert, one of the
oldest colored residents of the county,
passed away at his home in this city
early Tuesday morning. He was seven-
ty years of age and had always con-
ducted the household of the white folks
as well as his own race on account of
his strong character. He was born in
Madison and during slavery lived with
John Gilbert, from whom he got his
name. He learned the tinners trade
before the war with Mr. Gilbert, and
after serving in the Union army, re-
turned home and followed this oc-
cupation until his death. He worked
for P. M. Pope for many years and
this gentleman paid him a very high tribute
as an honest trustworthy man. Forty
years ago, Mr. Pope superintended the
work of covering the court house and
was assisted by "Uncle" Clifton, the same
roof that is now in place. A wife and
two children survive him.

Meets To-day.
The Republicans of this Senatorial
district, composed of the counties of
Madison, Powell, Estill and Lee are
meeting to-day in the city for the pur-
pose of nominating a candidate. The Ma-
dison county delegation went uninstruc-
ted. Judge A. H. Burnham, who repre-
sented the district the last term will
not be a candidate on account of his
other business affairs, and many re-
publicans from this county, especially
the younger element, are urging Mr. A.
R. Burnham, Jr., to allow his name to go
before the convention. He is one of the
most promising young lawyers in the
State, a keen politician and a good
man and would win in the district,
which is republican by a safe majority.
Estill, Lee and Powell counties, each
have a candidate in Frank Welsh, Sam
Hunt and John Hardwick but Mr.
Burnham would be the stronger candidate
of the three.

Circus Coming.

With the coming of Sun Bros., great shows to this city next week, recalls the unfortunate affair which happened when the last circus visited Richmond.

The collapsing of a section of seats brought death and injury to many and it was a miracle that more were not killed or injured. It is one of those unfortunate things that will happen once in a lifetime. Of course this will not serve to cut down the attendance at this show, for the people in this section are anxiously awaiting a circus as it has been a whole year since the town was visited by one.

New Warehouse

For the Loose Leaf Business and Manufacturing Tobacco Product.

Within a short time Richmond will have a tobacco manufacturing plant, as local capital has become interested and last week closed a deal with Mr. Wm. Jones for a lot at the corner of Big Hill Avenue and East Main Street, on which the new building will be erected. It is also the purpose of the owners to launch a loose leaf market and the warehouse will be constructed in the most modern idea. The opening for a tobacco manufacturing in this section looks so encouraging that the promoters of the above enterprise are confident of success. The building will be a two-story structure, with a large open space for drying tobacco, and a large open space for the storage of tobacco. Diseased Trees

Are Being Scientifically Treated in Richmond By Expert gang.

Doctoring a sick tree's giving medicine where it is needed; applying to diseased trees all the principles of dentistry and surgery.

Sounds kind of funny, but that is exactly what is being accomplished every day in every large city in the United States and moreover with absolute success.

Last week a large gang of these tree surgeons arrived in Richmond, and since their advent have been kept busy answering questions. It is the first time any of this work has been in Richmond, and the work of the tree doctors has been watched with a great deal of interest.

Thomas A. Knight, who is well known in the city, is the first of the tree doctors to arrive. He is a man of about 40 years of age, with a high forehead and a large nose. He is dressed in a suit and tie, and is wearing a hat.

The first work tackled was the property of Dr. Gibson opposite the Glyndon Hotel. Trees that seemed to be in good health were found to be diseased, and the tree doctors have been busy treating them.

According to the best authorities these trees will be completely rejuvenated and next spring will put out a fresh crop of leaves and new branches that will be astonishing.

In short, the diseased tree that is given the proper treatment has a chance to retain its usefulness as has the decayed tooth that is properly taken care of by a good dentist.

Mr. Knight is stopping at the residence of Mrs. E. J. Arnold on West Main Street.

Demand For It.

There is an unusual demand for money at present, according to the statement of the city treasurer.

The drought is in a small way responsible, but most of the demand comes from farmers, who sold their live stock early and are again in the market for feeders.

Quinn.

One of the oldest and most highly respected citizens of Estill county passed away last Wednesday, when "Uncle Dick" Quinn died at his home just over the Madison county line, where he had lived for many years.

He was in his eighty-seventh year and was born and reared in Estill. One daughter survives him, Mrs. G. W. Witt. The funeral services were held last Thursday at the home and burial followed in the John Newman burying ground.

Wonderful.

The poultry show at the Madison county fair will undoubtedly be a wonderful exhibition of all the finest breeds of poultry in Kentucky.

The Directors are determined to make this a feature of the three days show and Mr. Coleman, the manager of this department, has received letters from hundreds of breeders of fine fowls all over the State that they will be here and compete. The ribbons alone in this department will be worth trying for.

Examination.

A competitive examination under the rules of the United States Civil Service Commission will be held at the Postoffice, in this city, on Saturday, Sept. 2, beginning at 9 a. m.

Better Attendance.

Must be Given the Ball Games if the Team Finishes out the Season.

There seems to be a lack of lively spirit among the people of this section to patronize the big ball games of late and in consequence the club is badly in need of funds.

Just because a team isn't at the head of the race, is the poorest excuse for non attendance. Every team can't win and remember there are three mighty good ball teams below the Pioneers.

Frankfort is below Richmond, and those who witnessed the Law Makers play the past week are sure to remember the team.

There are five or six star players on this team and they are always in the game with the veteran Pat. Lohannon always putting life into the play. Then there is Mayville, who is a real star.

There are also a number of other players who are good, but the team as a whole is not as good as it used to be.

Field Full.

The County Attorney's race for the nomination promises to be one of the warmest ever known in this county.

Five candidates have entered the field and they are working hard, although it is a long time before the election.

At present the race is between James Thacker, and John Ford, all of Scott. In the petition it is alleged in part that the expenditures are reckless and without intention of carrying out the original contract.

That the defendants are insolvent, that every dollar they have derived from the pools and belongs to the members thereof, and that the only remedy available to them is discovery and accounting.

As stockholders are scattered throughout three States, plaintiffs say it would be impossible to bring them all before the court in a reasonable time and they pray that they be allowed to prosecute the action for all persons similarly situated as themselves, that receiver or receivers be appointed by the court to take charge of all the business of the defendant corporations and that all funds be distributed among those entitled thereto.

This will be interesting news to many Madison county tobacco growers, who will watch the outcome anxiously.

Sales.

Long Tom Chenault, the premier auctioneer, announces the following sales, Mrs. Claude Smith to-day beginning at 2 o'clock, town property; Mrs. D. M. Stephenson, Sept. 1st, town property and J. T. Jones on the 6th of September farm and personally.

Big Auction.

I will on Saturday, September 2nd, and Monday September 4th, (Court Day) sell to the highest bidder at auction, the entire lot of vehicles at Richmond in the first of 8. Stapps. This includes all kinds of top buggies, surreys, phaetons, roadwagons, runabouts, Hoxton road cars, all kinds of farm wagons, pony carts and rigs of every description. I am heavily stocked and trade is dull, consequently I must turn them into money at once. No reserve, everything I offer will be sold. If you want a bargain now is the chance.

Liberal Reward.

A Liberal reward will be paid for the return of \$60.00 lost between my home on East Main Street and the L. & N. Depot.

Berry Out.

In this issue will be found the official announcement of Mr. E. Berry to succeed himself as councilman. Mr. Berry has represented the city for a long time and it is said by his friends that he will be given an endorsement without opposition. He is a career politician and has advocated many excellent ordinances for the City's welfare.

Two New Ones.

According to a high official of the Bluegrass League there will be two new teams admitted next season. The following is a list of the new teams: "President Thomas A. Sheets, of the Lexington club of the Bluegrass League, announced here this morning that the Bluegrass League will invade Covington and Newport next season, having secured a franchise in each city. The league eight clubs and putting it probably in Class C, instead of Class D, where it now is. It is said that the new teams will be the Lexington and Newport teams, and if it does, Mr. Sterling wants a franchise badly. President Sheets is a career politician and has advocated many excellent ordinances for the City's welfare.

Good Prices.

W. O. Park writes from the Kansas City, Mo., that the best beef cattle sold at 25 to 30 cents higher last week than the previous week. The bulk of finished beefs sold at \$7.50 to \$7.60, and a number of car lots sold at \$7.50 to \$7.60 with one car load weighing 1400 lbs. at \$7.50, and 5 prime 1400 lb. steers at 8 cents. The demand coming so early, lasting so long and extending over practically all of the corn belt, has caused only a limited number of cattle to be put on feed, consequently a shortage of fed cattle, and high prices follow. As there is only about one-half crop of corn, to take the whole country over, we will see high prices for fat cattle at least another year.

Ricci's ice cream is delicious. Every one talks about it. Any flavor made to order and delivered promptly.

Poor Burly.

There is another tough road for the seemingly ill-fated Burly Tobacco Society to tread. This time it is a suit asking a receivership and was filed in Lexington last Thursday by J. D. Gover, James Thacker, and John Ford, all of Scott. In the petition it is alleged in part that the expenditures are reckless and without intention of carrying out the original contract.

That the defendants are insolvent, that every dollar they have derived from the pools and belongs to the members thereof, and that the only remedy available to them is discovery and accounting.

Old Resident.
The climax is in receipt of the following letter from a former resident of this county who is making a record in her adopted State of Missouri: I enclose \$2.00 for which please give me credit on your subscription list. You may be interested to know, that since the death of my husband, eighteen months ago, I have been elected County Clerk of Saline County. Mr. Durrett lacked nine months of filling his term of office. After his death, our friends asked Gov. Hadley to appoint me to fill the unexpired term. Missouri and Kentucky have the same trouble—Republican Governors. Our Governor could not resist putting a republican in a democratic office in this old democratic county. However, I gained by his decision. A whole term is better than a part. My friends immediately sent me a petition signed by over a thousand voters asking me to allow them to secure the next term for me. They elected me by a fine majority. However, I hope my Kentucky friends do not consider me a "women in politics" because I hold a political office. Yet I am so grateful to our big-hearted democrats, I did not leave home to ask a man to vote for me, spent the time in assisting in nursing my invalid father, Joseph N. Pettus, who died a short time after the death of my husband. My mother lives with me, and we both enjoy our letter from home, by way of the Climax. We hope that my father's old friend, "Gov. McCreary, will lead to victory in Ky. With best wishes,
Mrs. Josephine P. Durrett.

Pellagra
Semi-Drying Oils as Food Adulterants is Cause Says Prominent Physician.

"According to Dr. George Mizell, in the Atlanta Journal Record of medicine, we have at last found out the real cause of Pellagra. He claims that the use of semi-drying oils, as food adulterants, is responsible for all the trouble. The three oils that have a marked amount of Linolin (Glyceride of Linolic acid) are oil of maize, oil of sesame, and cotton seed oil. The Linolin is the drying constituent of these oils. This oxidizes readily in the system, and the oxidation products are the cause of Pellagra. The first two oils have been used for centuries in Asia and Europe and would seem to account for the prevalence of Pellagra, especially in Italy, Spain and France, where they are employed so extensively to adulterate olive oil.

Dr. Mizell claims that there are fifty thousand cases of Pellagra in Georgia. He endeavors to show that the appearance of this disease was coincident with the introduction of the cotton seed oil industry; and the increase has been exceedingly rapid since 1908, at which time hog lard was advanced in price and cotton seed oil came into more general use. He claims that this is the strongest of the semi-drying oils, and so explains the greater prevalence of Pellagra in this country. He mentions the interesting fact that hogs fattened on cotton seed in the fall must be killed in the following winter, or they will die next summer. Also the lard rendered from these hogs contains linolin, and may produce Pellagra.

Dr. Mizell claims also to have found a treatment for this disease. In fact, he believes that Calcium Sulphide is practically a specific for Pellagra. He gives this remedy in doses of 1.2 to 2 grains, three times a day. Under the use of the Calcium Sulphide, distressing symptoms disappear in a few hours and the patient recovers rapidly. He claims that he has been using this remedy for eighteen months and has not had a single failure."
